HAWAII LOSES GOOD FRIEND IN C. R. BISHOP

Queen Feels Keenly News of
Loss of Lifelong Friend; Memorial Services Tomorrow

In common with those who have known Mr. Bishop for a life time, I feel the news of his death most keenly, and can truly say that his loss to Hawaii and the Hawaiians is irreparable.

QUEEN LILUOKALANI.

On all sides and from all classes of people are heard expressions of mourning and regret at the news of the death in San Francisco yesterday of Charles Reed Bishop, the great Hawaiian philanthropist.

Special memorial services are to be held at Oahu College tomorrow morning at 8:30 o'clock, at which United States District Judge Sanford Dole will be the chief speaker, and similar exercises are planned at other institutions which have known Mr. Bishop's benefactions.

Tomorrow evening at 8 o'clock, responding to a call sent out by President Harold Godfrey, a special meeting of the Kamehameha Alumni Association will be held at the club house at 1337 Fort street. At that meeting arrangements being completed today by Mr. Godfrey and by Miss Lydia Aholo for special memorial services at Kawaiahae church will be submitted for approval. The church services will probably be held at 4 o'clock Sunday afternoon. The alumni and alumnae of Kamehameha will participate.

BE SURPRISED IF NEBRASKAN WAS TORPEDOED

"I would be much surprised if it turned out to be a deliberate torpedoing," cabled Captain Greene of the American-Hawaiian steamer Nebraska, after the ship was damaged in British waters, according to a letter received this morning by C. P. Morse of Honolulu, general freight agent of the American-Hawaiian Steamship Company, from Williams, Dimond & Company, the Pacific coast agents.

The letter received by Mr. Morse, dated May 29, contained copies of the following two messages sent by Captain Greene:

"Nebraska struck by mine or torpedo 48 miles west of Fastnet Rock. Nobody seriously hurt. Number one lower hold full of water. Steaming slowly for Liverpool escorted by British admiralty vessel."

The second cable, also a relayed wireless, read:

"Nebraska in contact with explosive object 48 miles west of Fastnet. Nobody seriously hurt. Number one lower hold full of water. Steaming slowly for Liverpool, escorted by British admiralty vessel. I would be much surprised if it turned out to be a deliberate torpedoing."

TO PREPARE DIRECTORY OF PUNAHOU GRADUATES

The first work undertaken in connection with the celebration of the 75th anniversary of the founding of Punahou is the preparation of a complete revised list of Punahou graduates and former students.

A committee composed of A. C. Alexander, chairman; Miss Agnes Judd and Mrs. Florence McIntyre has undertaken this work. The last such list was prepared in 1906. It is expected to have the list published and ready for distribution during the anniversary celebration. The task is no light one, as it will involve securing the present addresses and occupations of more than 3000 former Punahouites.

OAHU RAILWAY IS TO PAY 'SPECIAL'

A special dividend of 60 cents a share, payable June 15, has been declared by the directors of the Oahu Railway and Land Company.

This special disbursement, in addition to the regular monthly dividend of 65 cents per share, will make the total June dividends of the company \$62,500, the company having outstanding 50,000 shares of a par value of \$100 each.

Japanese Parents In Hawaii Need Education More Than Children Do

Educate the Japanese parents; they need it more than the Japanese children.

This is the advice given to the Japanese leaders of Honolulu by K. Takebe, councillor of the department of education in Japan. Takebe spent some months investigating the schools in California, and is now studying the situation of the Japanese education in Hawaii.

"I am convinced," said Takebe today, "that the Japanese of Hawaii are not adopting American customs as they should. They are blind to what is for their own good in this land which they call their home. The children are fast becoming assimilated, but the parents, for the most part, might still be living in Japan, as far as being fused in the melting pot is concerned."

Takebe leaves for Japan on the Nippon Maru June 12. He will make a report to the Japanese government.

MAJORITY WILL NOT DENY PACT MADE TO KILL

Less Than Half of Koreans at
Meeting Vote to Repudiate
Action Taken Saturday

That a resolution to kill the followers of Y. M. Pak's party in the Korean National Association was passed at an irregular meeting of the association held last Saturday night, is the declaration of John Woo, one of the detectives under Chief McDuffie. The Star-Bulletin yesterday published a report that the resolution was made Saturday night. This morning's paper quoted an emphatic denial from the continued meeting of the association last night.

Investigation today brought out a statement that when the resolution denying the report was put to vote last night only 191 members raised their hands in assent. The other 209 of the 400 present did not sanction the denial of the reported threat to kill the Korean leaders of the old faction.

Furthermore, according to the detective's knowledge, the meeting was irregular, or the resolution would show in the minutes. The police declare they have also learned that at least three Koreans of the new faction offered to lay down their lives for the remodeling of the association, if necessary.

The Korean colony packed the district court room this morning at the preliminary hearing of a charge of assault and battery on Yee Hong Kee, said to be a leader in the Y. M. Pak party, when 19 members of the society, who began a factional fight, were arraigned and reserved their plea until Saturday morning.

Scores of friends of Yee Hong Kee were present in the court. Yee was taken to a side room by the officers and disrobed to show the marks of the beating said to have been given him by the 19 Koreans of the new faction now under arrest.

Police officers took no chances of further trouble. Uniformed and plain-clothes men were stationed in the courtroom and corridors.

Han Chai Myung, editor of the Korean National Herald, who has been in hiding since the outbreak of hostilities, eagerly watched the proceedings today. He was attended by a formidable guard of loyal Koreans, who never left his side.

TEN WITNESSES ARE CALLED TO BE AT INQUEST

Ten witnesses to the death of Kim On Tel, a Korean, by collision last night with automobile No. 961, driven by Miss Eleanor Holt, stenographer at the department of public instruction, have been called by Deputy Sheriff Asch to testify at the inquest to be held tomorrow afternoon at police headquarters.

Investigations made by the police today are said to indicate the Korean was decidedly under the influence of liquor when he staggered and attempted to cross King street near the Oahu railway station in the path of the machine. Eyewitnesses to the accident say Miss Holt's car was going at a nominal speed, and came to a dead stop within a few feet of where the Korean had been struck. Police records show that Kim On Tel had been before the district magistrate a number of times on a charge of drunkenness.

Passengers in another car took the Korean to the hospital. He died before reaching the institution. In addition to injuries to his head three ribs were broken. In the car beside the driver were Gertrude Holt, William Desha, Jack Desha, James L. Holt and Mrs. Louisa Kekumano.
